3. Basis of the Distribution of Surplus

The Company considers the redistribution of profits to its shareholders to be one of its most important management issues, and makes distributions after taking into account, among others, its retained earnings for future growth and consolidated earnings performance based on a long-term perspective. The Company resolved that a second quarter dividend payment of ¥19 per share of common stock is to be paid considering its forecast for consolidated financial results for the fiscal year ending March 31, 2021. The Company also revised the amount of the projected dividend per share of common stock for the year ending March 31, 2021 that was announced on August 5, 2020.
