| China | 220 | 62.3 |

## ■ Sales Results in FY23

YTD: Lower than last year mainly due to the impact of COVID-19 in China and the semiconductor supply shortage. QTD: With the gradual improvement in the semiconductor supply, exceeded the same period last year in the United States. On the other hands, in China, due to the impact of the end of tax reduction, significantly decreased compared with the same period last year.

## ■ Outlook/Forecast for FY24

Although outlook remains uncertain in China, strive to expand the sales volume globally with favorable lineups and recovering the supply to the market by improving plant utilization.

## -Electrification updates-

Began exploring comprehensive partnership toward the realization of Carbon Neutrality with POSCO (announced in April).
Exhibited world premiere of "e:NP2 Prototype",
"e:NS2 Prototype" and "e:N SUV 序 (Xu) " at Auto Shanghai 2023 (April).

## Main Market (Motorcycles)

## - Sales Results in FY23

YTD: Exceeded last year.
QTD: Exceeded the same period last year.
In India and Vietnam, lower than the same period last year. In Indonesia, despite the impact from the semiconductor supply shortage, significantly exceeded the same period last year by replacing sales models and utilizing alternative parts.

## ■ Outlook/Forecast for FY24

Expect to exceed last year mainly because of strong sales in India and Indonesia.

Shine 100 (India)

Vario 160 (Indonesia/Vietnam)

Operating profit :

Despite mounting headwinds such as a decrease in automobile units of production and sales due to the impact of COVID-19 in China and the semiconductor supply shortage, an increase in production costs due to higher raw material costs as well as the impact of inflation, operating profit achieved 839.3 billion yen.
This was primarily due to the pricing that reflects increased product value, an increase in motorcycle unit sales, and favorable currency effects.
Profit for ${ }^{* 1}$
the year: 695.2 billion yen.

*1 Capital expenditures as well as depreciation in results and forecast shown above exclude investment in operating leases, right-of-use assets, and intangible assets.
*2 Research and development expenditures are research and development activity related costs incurred during the reporting period. In accordance with IFRS, a portion of research and development expenditures is recognized as an intangible asset and amortized over its estimated useful life. As such, this amount is not in conformity with "research and development" on consolidated statements of income.

## Caution with Respect to Forward-Looking Statements:

This slide contains forward-looking statements about the performance of Honda, which are based on management's assumptions and beliefs taking into account information currently available to it. Therefore, please be advised that Honda's actual results could differ materially from those described in these forward-looking statements as a result of numerous factors, including general economic conditions in Honda's principal markets and fluctuation of foreign exchange rates, as well as other factors detailed from time to time.

## Accounting standards:

Our consolidated financial statements are prepared in conformity with International Financial Reporting Standards (IFRS), as issued by the International Accounting Standards Board (IASB).

## Notice on the Factors for Increases and Decreases in Income:

With respect to the discussion above of the changes, identified factors and used what it believes to be a reasonable method to analyze the respective changes in such factors. Analyzed changes in these factors at the levels of the Company and its material consolidated subsidiaries.
(1) "Foreign currency effects" consist of "translation adjustments", which come from the translation of the currency of foreign subsidiaries' financial statements into Japanese yen, and "foreign currency adjustments", which result from foreign-currency-denominated transaction. With respect to "foreign currency adjustments", analyzed foreign currency adjustments primarily related to the following currencies: U.S. dollar, Japanese yen and others at the level of the Company and its material consolidated subsidiaries.
(2) With respect to "Price and cost impacts", analyzed effects of changes in sales price, cost reductions, effects of raw material cost fluctuations and others
(3) With respect to "Sales impacts", analyzed changes in sales volume and in the mix of product models sold in major markets that resulted in increases/decreases in profit, as well as certain other reasons for increases/decreases in sales revenue and cost of sales.
(4) With respect to "Expenses", analyzed reasons for an increase/decrease in selling, general and administrative expenses from the previous fiscal year net of currency translation effects. (5) With respect to "Research and Development expenses", analyzed reasons for an increase/decrease in research and development expenses from the previous fiscal year net of currency translation effects.

## Unit sales:

## Motorcycle Business

Honda Group Unit Sales is the total unit sales of completed products, including motorcycles, ATVs, and Side-by-Sides of Honda, its consolidated subsidiaries and its affiliates and joint ventures accounted for using the equity method. Consolidated Unit Sales is the total unit sales of completed products corresponding to consolidated sales revenue to external customers, which consists of unit sales of completed products of Honda and its consolidated subsidiaries.

## Automobile Business

Honda Group Unit Sales is the total unit sales of completed products of Honda, its consolidated subsidiaries and its affiliates and joint ventures accounted for using the equity method. Consolidated Unit Sales is the total unit sales of completed products corresponding to consolidated sales revenue to external customers, which consists of unit sales of completed products of Honda and its consolidated subsidiaries. Certain sales of automobiles that are financed with residual value type auto loans and other by our Japanese finance subsidiaries and provided through our consolidated subsidiaries are accounted for as operating leases in conformity with IFRS and are not included in consolidated sales revenue to the external customers in our Automobile business. Accordingly, they are not included in Consolidated Unit Sales, but are included in Honda Group Unit Sales of our Automobile business.

## Power Product Business

Honda Group Unit Sales is the total unit sales of completed power products of Honda, its consolidated subsidiaries and its affiliates and joint ventures accounted for using the equity method. Consolidated Unit Sales is the total unit sales of completed power products corresponding to consolidated sales revenue to external customers, which consists of unit sales of completed power products of Honda and its consolidated subsidiaries. In Power Product business, there is no discrepancy between Honda Group Unit Sales and Consolidated Unit Sales since no affiliate and joint venture accounted for using the equity method was involved in the sale of Honda power products.
