New: Launching October 2025

Honda's Winning Formula: It Takes All of Us

Overview:

A two-part video series introducing middle and high school students to Honda Racing & Powersports. Students will learn from Honda racers and riders about their habits and behaviors that keep them safe while racing. Students will also learn the importance of teamwork, technology innovation, and safety's critical role in racing and how it translates to real-world road safety.

Educational activities that encourage safe driving learning and creative problem-solving through these three approaches
